No. 30 C9 dated 29-1-1942

Sir,

Subject:- Establishment - Famine Works - Bellary.

****

In my No. 72, Camp, dated 28-12-1941, I applied for the sanction of two supervisors, two peons and two Lower Division Clerks for employment in connection with the Famine Test Works in Bellary District. It was later reported in my No. 19-C. dated 20-1-1942 that the necessity for the employment of two overseers as sub-work agents had also been found necessary and that arrangements were being made to transfer two overseers in anticipation of sanction by doubling sections.

The Executive Engineer, Bellary Division, informs me that the 2 camps just formed have already got each more than 3000 labourers. He further brings to notice that a third camp is likely to be opened on 2nd February 1942. A copy of his letter No. 25-F1, dated 24-1-1942 is enclosed. He requests that pending sanction, one supervisor (work agent) and one peon to work under him, and one overseer for employment as a sub-work agent might be immediately be posted for the third camp. As the Famine works are urgent, I am again transferring one more supervisor and an overseer from the existing establishment, subject to your approval I am also permitting the Executive Engineer to employ peons under the Supervisors (work agents). As regards the two clerks for the Division and the Sub Division, I have instructed the Executive Engineer to apply to the Collector.

In view of the increase in the number of camps, it will be impossible for the Sub Divisional Officer, Bellary Sub Division, to exercise efficient supervision over these works in addition to the regular work of the Bellary Sub Division which is heavy. It is, therefore, essential that a special Sub Division be immediately formed for the Famine Works. Sanction may kindly be obtained for one Assistant Engineer and 3 peons and two lower division clerks, for the Sub Division.

The following will then be the entire establishment required for the Famine Works:-

1 Assistant Engineer.
3 Supervisors or Senior work-agents.
3 Overseers or Junior work-agents.
2 Lower Division clerks for the Sub Division
1 Lower Division Clerk for the Division Office.
6 Peons (three for the Sub Divisional Officer and one for each of the Supervisors)

Early sanction to the Sub Division may kindly

P.T.O.

Enclosure.

Copy of letter No. 25-F., dated 24-1-1942 from the Executive Engineer, Bellary Division, to the Superintending Engineer, Bezwada Circle.

Subject:- Famine - New work - forming a road from Yemmiganur to Divamdinee - sanction of establishment - requested.

I forward herewith a copy of letter No. Roc.5659/41-A-5 dated 21-1-1942 received from the Collector, Bellary. I request that sanction may kindly be obtained for employment of one -- supervisor (Senior work agent) with one peon and one overseer (Junior work-agent) for the new famine charge. As this work is to be started on the 2nd Febrámary 1942, I request that -- one Supervisor and one Overseer may kindly be posted urgently in anticipation of sanction, with the instruction that they should be in readiness to join the Famine camp three days before the date of opening of the same. I also request your permission to appoint one peon to each famine supervisor in anticipation of Government sanction. By opening this famine charge, there will be three famine camps from 2-2-1942. Therefore I -- request that sanction may kindly be obtained for forming a -- special Sub Division with one Sub Divisional Officer, one Sub Divisional Head Clerk, one Assistant Clerk and three peons.

As the work is increasing day by day, I request that permission may kindly accorded for employment of two lower division clerks as already applied for in anticipation of Government sanctions

---

Copy of Bellary Collector's Roc.No. 5659/41-A-5, dated 24-1-1942 to the Joint Secretary to the Board of Revenue, Madras.

Sub:- Famine - BellaryDistrict - Yemmiganur sub taluk - Formation of road from Yemmiganur to Divamdinne - opening of it as test work - sanction requested.

This Office No.C. 5659/41-A-5 dated 11--12--1941.

I submit an estimate for Rs. 22000/- for the formation of a new road from Yemmiganur to Divamdinne in the afeocted tract of the Yemmiganur sub taluk. As there is no ordinary work of the Public Works Departmentor the District Board in that locality for providing employment to the labourers, I have got an estimate prepared for the above work for including it supplementally in the famine programme of the Adoni taluk for 1941-42. The Executive Engineer Bellary says that the work can be taken up as a famine work. It will ~~be~~ provide employment for labourers in about 12 villages in the affected tract of the Yemmiganur sub taluk. The Revenue Divisional Officer, Adoni, reports that the distress in that part of the sub taluk is acute and needs immediate relief. In this connection, I invite the attention of the Board to para 3 of this office reference cited above. I request that Board ~~to~~ accord sanction for including the work in the Famine Programme for 1941-42. and starting it -- as a test-work from the 2nd February 1942. The President, District Board, Bellary has reported that the District Board's Resolution sanctioning the estimate will be obtained by the third week of this month. I am asking him to expedite it. I enclose a plan showing the proposed road for favour of perusal and return.

Copy submitted to the Secretary to Government in the Revenue Department, Fort St. George, Madras.

Copy to the Executive Engineer, Bellary for information.

The Executive Engineer, Bellary is requested to make

and the work will be done by the Bellary Subdivision

necessary arrangement and be ready for starting the test work referred to in the letter on the 2-2-42 on receipt of the Board's orders. He is requested to acknowledge the receipt of this letter.
